FATE OF RIPPER RESTS IN HOUSE; TAXERS AROUSED

Threaten to Block Davis' Scheme If He Names Taber.

Caucus Fails to Solve Problem of Taxation Muddle.

Columbus, April 19.—Governor Davis' reorganization bill, which has been passed by both branches of the legislature was hanging in the balance today. Developments during the day may determine whether the bill will ever reach the governor for his signature or whether it will die in the legislature without the finishing touches being put on it. Amendments made by the senate require confirmation by the house on a two thirds vote before the bill is finally passed.

Meeting yesterday after a three weeks recess, house adherents of the uniform rule in taxation were confronted with what they considered administration inspired articles in newspapers stating that either L. J. Taber, State Grange master of C. D. Dyer, secretary of the Ohio Home Protective League, probably would be appointed director of agriculture under the reorganization bill. Both Taber and Dyer were members of the governor's citizens taxation committee which recommended the adoption of a constitutional amendment abolishing the uniform rule and substituting therefore a limited form of classification.

Some of the uniform rule men were indignant. A committee of about 20 went to the executive office to protest against appointment of either Taber or Dyer, but the governor was at home suffering from an attack of tonsillitis. Mr. Waite, his private secretary told the committee that the use of Taber's or Dyer's names for the secretaryship was unauthorized. Dyer is a Democrat. The uniform rule men also threatened to fight concurrence in amendments to the reorganization bill unless the governor changes his taxation program to suit them.

A caucus of house majority members last evening failed to solve the dilemma, either on the taxation question or the reorganization bill. Another caucus is scheduled for late this evening at which both subjects will be considered again.

In an attempt to start again on the taxation program, the caucus named a committee of five, including the advocates of the uniform rule and three advocates of the governor's taxation plan, to try to work out a compromise measure. The uniform rule members are led by Governor Chase, of Paulding and Lytle of Medina. Members representing the governor's plan are Griswold of Geauga, Silver of Preble and Wenner of Ashland.

House leaders have informally notified senate leaders that unless a definite date for adjournment is set immediately, the house will adopt the tactics of the senate and refuse to pass any more bills which originated in the senate.

The senate has been following a similar course for more than three weeks. The house yesterday turned its back on bills proposing four-year terms for county officials by the majority caucus instructing the calendar committee not to place those bills on the calendar for passage. If this course is followed by the committee, the bills are dead unless the house votes to take the bills up without action by the calendar committee which is considered unlikely.

MAY YET AGREE ON TAX PROGRAM

Hope Is Based on Progress Made By New Tax Committee Named By House Majority.

Columbus, April 19.—A glimmer of hope that a new taxation amendment on which advocates of the uniform rule and those favoring its abrogation in some degree may yet finally unite was expressed today by members of the new committee appointed yesterday by Majority House members. Representative of both factions reported progress but declined to discuss the situation.

It was reported that the uniform rule men have indicated a willingness to concede some points, but how far these go toward classification was not indicated. The more optimistic said they expected an income tax law either by the present legislature before the proposed amendment is submitted to the voters or after its submission.

Members of the committee dined together today and continued their discussion. "The fact that we are able to eat together indicates that progress is being made," one of the new committee members said.

The senate taxation committee today was unable to obtain enough signatures to a report to bring the Griswold debt limitation to the floor for a vote. The Taft bill authorizing taxing districts to exceed the one per cent limitation for three years in order to clear their slates of debts is on the senate calendar for passage. It may be taken up today.

NO AGREEMENT REACHED IN BUILDING TRADES

A meeting of the building contractors was held last night. The conclusion of the trouble between the builders and the trades was reached. So far there has been no settlement of the disagreement which came up April 17 when the trades were asked to take a 12 per cent cut.

WOMAN JUDGE SPEEDS JUSTICE

Judge Florence Allen of Cuyahoga County Court Does Not Permit Lawyers to Delay Case.

Cleveland, April 19.—For three months a woman has been sitting as a judge of the common pleas court of Cuyahoga county. Miss Florence E. Allen was returned to that position by the voters last November.

Never before in the world, it is asserted, has a woman sat in a court of general jurisdiction, and of course, never in Ohio.

The outstanding visible one—a speeding up of the work of justice.

Less expense and a speeding up of justice. It is the watchword of Judge Allen. She set a record for this county recently, when, in her court, hearings in three criminal cases were completed in an hour and 15 minutes.

Two juries were at work considering their respective cases, when the third case went to the jury.

Promptness is demanded alike of lawyers, the defendants and plaintiffs, and witnesses.

"There should be no long delay in the administration of justice," said Judge Allen.

Attorneys and the public have shown they like Judge Allen's deft handling of cases. She has not attempted any striking reforms, but settled down at the start to dispose of her work in a business like manner.

Her political star may not have reached its ascendancy, either, for she is being mentioned now as a candidate for mayor of Cleveland next fall. Persons scoffed at the idea of a woman judge, and undoubtedly will scoff at the idea of a woman mayor of the "sixth city," but friends of the woman jurist are not scoffing.

Miss Allen has been blazing the way for women in the field of law since she opened a modest office here in 1913. It wasn't long after that until she was appointed assistant county prosecutor, the first woman to hold such a position in Ohio.

Here are a few more of her "firsts": first woman to be invited to speak on the formal program at the annual meeting of the Ohio State Bar Association; first woman in the state to be chosen the legal representative of a labor union. Miss Allen won her first spurs in the Supreme Court in a case which established the right of charter cities to extend municipal suffrage to women.

MOLDERS CONFER ON NEW WAGE SCALE

The national agreement scale of the molders expired April 15 and representatives of the organization are meeting in the east preparing a new agreement, but no result of the work has been received here. There are no representatives from the local union attending this meeting.

New York, April 19.—The Dempsey-Carpenter heavyweight championship bout will be fought in Jersey City Saturday, July 2. This announcement was made by promoter Tex Rickard here today.

GERMANS MUST TRANSFER GOLD ALLIES DECLARE

Reparation Committee Asks Berlin Coin Be Sent to Cologne.

Would Not Be Permitted to Disturb Deposit Without Consent.

Paris, April 19.—The allied reparations commission announced today that it had given Germany until April 22 to transfer the gold holdings of the reichsbank, the German imperial bank, to the Cologne and Cologne branches of the bank. If Germany refuses to comply with the ultimatum the commission states, will require the immediate delivery of the gold to the commission itself.

In the event of the transfer of the gold to the branches named, the sum may continue to figure as part of the balance of the reichsbank, the commission explains but the German government would have no right to dispose of it without obtaining previous authority from the commission to do so.

It was semi-officially announced in Berlin Monday that the reparations commission had verbally notified German officials that the gold reserve of the reichsbank and other German gold coins must be deposited before May 1, either in Cologne or Cologne as official announcement. The semi-official German government had declared the demand to be unacceptable under any circumstances.

The latest figures on the gold holdings of the reichsbank, contained in the bank's statement for April 7, showed that on that day they were 1,091,602,000 marks.

PREMIERS TO HOLD CONFERENCE SOON

Paris, April 19.—The British prime minister, Mr. Lloyd George and Premier Briand have agreed to confer before the next meeting of the supreme council of the allies, but the time and place of the conference has not yet been determined. It was announced today.

The details of the meeting will depend largely on the ability of Mr. Lloyd George to absent himself from London.

SPECIAL TRAIN TAKES PRESIDENT TO CITY

Washington, April 19.—President Harding left Washington at 9:30 a. m. this morning by special train for New York where he will attend the unveiling of Bolivar statue at the city of Washington tonight. He was accompanied by Mrs. Harding and a party of personal friends.

Secretary Hughes also was in the presidential party. At New York it will be joined by Under Secretary Fletcher and Assistant Secretary Bliss, who went to the metropolis to welcome the delegation from Venezuela.

In the absence of Secretary Hughes and Under Secretary Fletcher, First Assistant Secretary Deering is acting secretary of state.

M'GAMMON TRIAL WILL BE THIRD

Two Perjury Cases in Cleveland Murder Case Will Be Heard Before Judge Is Tried.

Cleveland, April 19.—William H. McGammon, former chief justice of the municipal court will be the third of 12 persons indicted for perjury, subornation of perjury or intimidating witnesses to go on trial in connection with testimony in the Harold C. Kazy murder trials, Assistant County Prosecutor Cassidy announced today.

"M. J. McCaffery, a defense witness, will be first, his trial for perjury in the first McGammon hearing, coming Monday next. Mrs. Della McGammon, charged with subornation of perjury will be second. Then will come McGammon's trial on a perjury indictment."

Dr. J. H. Gass was to have been tried for perjury Thursday but his case was postponed today for ten days.

VENEZUELA OBSERVES INDEPENDENCE DAY

Caracas, April 19.—Venezuela today celebrated the anniversary of the final campaign of 1821, during which Simon Bolivar defeated the Spanish royalists and established the independence of this country. In commemoration of the event, the statue of George Washington which was recently transferred from the position it held for many years to another and beautiful sight in Washington park, was unveiled.

General Gomez, president elect of Venezuela, and commander-in-chief of the army, came here from Maracaibo especially to lay a floral wreath at the base of the statue. He was accompanied by the minister of war and navy and a numerous staff. Provisional President Dr. Marquez Bustillos was also present, with representatives from congress and other dignitaries.

Cincinnati, April 19.—William Glides, 3, tumbled into an elevator shaft while his parents were inspecting furniture in a department store here and fell three floors. No bones were broken and he will recover.

ASKS 15 MILLION FOR STATE WARDS WOULD BOOST PAY

State Board Asked Finance Committee to Furnish Money.

Must Increase Salaries If Bonus Is Not Approved By Solons.

Columbus, April 19.—Members of the state board of administration today requested the senate finance committee appropriations totaling \$14,821,746 for the conduct of state institutions during the next two years. This is approximately \$2,000,000 more than was allowed by the house finance committee.

The board requested \$500,000 to pay salary increases in the event the legislature does not continue the bonus allowed state institution employees by the last legislature.

Among other items for which appropriations are asked are the following: New buildings at the Sandusky soldiers home \$25,000; for purchase of a farm to be operated in connection with the Cleveland state hospital \$200,000; for additional care for feeble minded at the Cleveland state hospital \$100,000; for new building at women's reformatory, Marysville \$50,000; for continuing the building at the London prison farm \$100,000.

Approximately half a million dollars is requested for new buildings in connection with state institutions located at Columbus. The legislature is asked to appropriate \$358,500 for new buildings at the state farm on the Orient farm for the institution.

The following is a list of appropriations sought for new buildings and equipments sought at other state institutions: Athens state hospital \$140,000; Columbus state hospital \$37,400; Dayton state hospital \$175,000; Lima state hospital \$56,200; Longview state hospital Cincinnati \$23,500; Toledo state hospital \$123,800; Massillon state hospital \$49,300; Gallipolis hospital \$191,000; St. Vernon tuberculosis sanatorium \$43,700.

The board proposed an appropriation of \$120,000 for the rental of Longview hospital at Cincinnati by the state for a period of four years with privilege of purchasing the hospital.

RAISIN JACK NOT A BIT LIKE GIN

Colored Witness In Liquor Case Tells Court It Didn't Make Him Intoxicated.

John Costa, charged with keeping a place where intoxicating liquor was sold was found guilty following the completion of the testimony in municipal court Monday and was fined \$400 and costs. The same method of defense was successful in the Marion case was tried by Attorneys Fitzgibbon and Smythe, that of having the witnesses deny that they had knowledge of the intoxicating quality of the "drinks" they purchased. Except for the first witness, Ralph Mentzer, all went well.

Prosecution however testified that what he bought was not the taste of gin, but stated in parts of his story by the witness, Christopher Columbus Clinkles, Clinkles, who is colored, admitted getting rounds of drinks at 25 cents a shot but said the taste like whiskey or gin. He said they didn't make him intoxicated. Mentzer testified that the stuff wasn't very intoxicating, it being necessary for him to "down" drinks of it before he was well "hiped."

John Costa took the stand admitted that he sold "liquor" but denied that it was intoxicating. Following sentence by the court, the defendant asked leave to file bill of exceptions and the execution of the sentence was suspended for 10 days pending the filing of the exceptions.

STEEL MILLS ARE INCREASING OUTPUT

Youngstown, April 19.—Operations of steel mills in the Youngstown district will be slightly over 40 per cent by tomorrow morning according to announcements of the Youngstown district mill offices today. This represents a gain of about 10 per cent of the schedule begun yesterday morning, which in turn was eight per cent higher than that of the preceding day.

Chief features in the gains announced today were the resumption of Bessemer plants at the Republic Iron and Steel company and the Youngstown Sheet and Tube company, an operation by the Erie Hill Steel company of its big 132 inch plate mill, idle for weeks.

DRYS WIN BY ONTARIO VOTE

Majority For Bone-Dry Proposal Will Be 200,000 Leaders Assert—Plan to Extend Prohibition.

Toronto, April 19.—Placing the majority vote for "bone dry" prohibition in Ontario yesterday at 200,000, the Rev. Dr. A. S. Grant, Secretary of the Ontario referendum committee today announced immediate steps toward procuring measures against the manufacture of intoxicating liquors in the entire dominion.

Dr. Grant expressed the opinion that the manufacture, sale or importation of liquor would be prohibited throughout Canada within five years.

Discussing the result of the referendum yesterday, he said the province could not logically or morally continue the manufacture of liquors for export to other provinces or to the United States.

The McGoy bill to prohibit physicians from prescribing beer, wine and other alcoholic liquors for medicinal purposes, which has already passed the senate was recommended for passage by the house temperance committee today.

The Norwood bill increasing the maximum fine for intoxication from \$5 to \$100 was also recommended for passage.

The senate utilities committee has endorsed a resolution memorializing congress to amend the Esch-Cummins transportation act so as to give states control over rates in intra state business. The Matthews bill authorizing a state audit of the Miami Conservancy district was on the senate calendar for a vote today. The bill has already passed the house.

ENGLAND TAKES STEPS TO PUT LAW IN EFFECT

Plans Made For Election of Irish Parliaments on May 3.

Council of 40 Connects Two Sections of Country Under Plan.

London, April 19.—Steps to bring into operation the Irish act, providing for home rule in the island, were taken today by the British government. This law which was described by King George as "the fruit of 30 years of ceaseless controversy," was passed by parliament on December 21, last and received royal assent a short time later.

Sinn Fein leaders in Ireland have been outspoken in their opposition to the measure.

Election of members of the northern and southern Irish parliaments will be held on May 3, under present plans. Sheriffs will be directed to proceed with the preliminary steps of the election but it seemed probable the southern sections of Ireland would ignore the provisions of the law. Ulster was understood to have made arrangements for elections, an announcement was made last month that the Ulster parliament would open on July 21, possibly under royal auspices.

The Irish act provides for selection of a senate by the parliament of each section. After this is done, the two houses of each parliament will elect 20 members of the council of 40, which will act as the connecting link between the two legislative bodies. This council will, it is hoped by the sponsors of the law, provide a means for bridging the gap between the parliaments and uniting them into one body in the future.

After such action takes place, certain powers relative to police, finance and other branches of the Irish government will be conferred by the British government.

SENATE ORDERS PROBE OF RAIL SITUATION

Washington, April 19.—A general investigation of the railroad situation was ordered today by the senate. A resolution offered by Chairman Crampton of the interstate commerce committee was adopted without debate or division.

Forty-eight persons were arrested last week for alleged violation of the Crabb act, according to the statement. Thirty-two of these cases were turned over to local authorities for prosecution, resulting in 12 convictions in as many cases, with the other 20 still pending.

A veiled warning that county prosecutors and sheriffs in many counties have been urged to enforce the prohibition laws was made in a statement today by State Prohibition Commissioner Parker. This has resulted in a corresponding decrease in "promiscuous and open selling of intoxicating liquors."

Numerous members of the Hohenzollern family and others whose names were prominent in the former imperial regime were waiting on the platform of the Wild Park station to receive the funeral train when it arrived last evening. Among these were the former Crown Princess Cecilie, Prince Eitel Frederick and Prince August William and their wives; the countess of Ruppin, wife of Prince Oscar; Count Eulenburg, former chief of household for the ex-empress and Countess Von Brockdorff, former chief lady in waiting. They immediately entered the funeral car and laid wreaths on the ex-empress' coffin.

The removal of the body from the Wild Park station to Potsdam was an impressive procession. The coffin was guarded by a huge procession of mourners, both men and women, numerous friends of the family and privates in uniform, together with numerous students and deputations from regiments which had formerly acted as body guards to the ex-empress.

In Potsdam the cortege was awaited by an enormous crowd. All the hotels, lodging houses and private houses were filled to overflowing.

ARMY MAN HERE TO GIVE MEDALS

Every Soldier Who Saw Service at Home or Abroad Is Entitled to Government Disc.

Former soldiers who have not as yet applied for their Victory medal will now have the opportunity to secure them without sending away their discharge certificates. William T. Doherty, A. F. C., U. S. A., a representative from Columbus Victory medal office is stationed in a room of American Legion at Memorial hall for this purpose. Every man who served in the army during the late war is entitled to one, regardless of his services whether domestic or foreign. Newark and vicinity men who have not applied for their medal are urged to take advantage of the present opportunity to get them. This may be your last chance to get your medal as recruiting for the army have stopped and the recruiting offices have all been closed. Those who wait to long may experience a great deal of difficulty later on in getting their medals, Doherty said.

Soldiers who died either while in the service or after discharge are entitled to a medal, and the nearest relative of a soldier should bring with them some paper concerning the man's military record.

NO REPORT MADE HERE BY STATE INSPECTOR
The recommendations of the inspectors from the state public utilities commission, who visited Newark yesterday, will probably be made to the Superintendent of the Ohio Electric today. The local offices will be informed this evening or tomorrow on the findings.

The visit was made to look over the running of the cars under the "one man crew" system, which necessitates the locking of the rear vestibule door. Complaint was made on this in case of accident. Some plan is sought whereby the rear door may be left unlocked.

BOOKS NEVER ON THE SHELVES.
Under the title "Books Never On the Shelves," the Syracuse Post-Standard recently carried an editorial based on the reported story of Paul M. Prida, librarian of Syracuse, who said that for the list of books which he had submitted there were always reservations filed a month ahead at the library. Of the six volumes of fiction listed only one, Alexander Black's "The Great Desire," published by the Harpers in 1919, had been out more than a year. It was of this novel that William Dean Howells said: "I do not know of any later or early American fiction, or, for the matter of that, English fiction, of so new a departure, in form and spirit." Mr. Black's new book, "The Seventh Angel," which the Harpers have just brought out, displaces the same originality in theme and treatment as its predecessor.

Davies' Values CHALLENGE COMPARISON

Success is not a matter of chance. We weren't "lucky" in building this to be one of the most successful and popular stores in Newark. We grew and succeeded because we applied the right principles to our business, because we always gave values that were absolutely unmatched. Under all conditions you will find this true. Under all conditions Davies' values challenge comparison. Low prices for reliable merchandise has always been our point of emphasis.

Milady's Boudoir

For the Thin Woman.

It seems to me that the thin woman or the woman with a very little flesh, gets little or no sympathy. We are all way reading how to reduce, but seldom are we advised how to put on flesh. Milk is the best flesh producer that I know of, unless it is cream and held in quantities. Drink a glass of hot water as soon as you are out of bed and 15 minutes later eat six or seven peaches that have soaked all night in warm water. Drink the prune juice as well.

Half an hour after this drink very slowly a glass of milk and, thereafter, take the same amount every hour until late in the afternoon. You may eat your evening dinner as usual but should consist of plenty cooked food. Just before going to bed another cup of milk may be taken. As milk is very nourishing the foods need not be taken. If your stomach can digest it add a tablespoon of cream to each glass of milk.

It is necessary to almost chew the milk so that it will digest without any special aid from the stomach. Swish the milk around in the mouth before swallowing, as in this way it is almost digested before it reaches the stomach. Don't take the milk too cold but let it stand a few minutes until the chill is taken off. The first week take three to three and a half quarts of milk a day, the second week five quarts and the third and succeeding weeks take at least six quarts.

For the first week take two glasses of hot water before retiring, the second week, drink a glass and a half of milk every hour during the day. Continue the hot water and prunes as directed for the first week, but omit the evening meal the second week and the weeks following. The third week take two glasses of milk every hour, as well as continuing the hot water and the prunes and juice. If you don't put on flesh you never will.

Our Boys and Girls

A nervous tendency in babies can be partly overcome by plenty of sleep. A new-born baby should sleep about nine-tenths of the time. As six months the baby should sleep about two-thirds of the time and at one year of age the child should sleep about 15 hours out of the twenty-four. A baby should always be given until the child is four years old, and later, if possible. This nap should come before 2 p. m. because, if taken later, the child will not be ready for the night's sleep at six or seven, which is the latest hour for children under eight years of age that should be allowed.

Mother sometimes think that if a child takes a long nap in the afternoon

there is no harm in letting him sit up until 10 or even later at night, but this is not true. The early evening hours are the best for a child's sleep and nothing should be allowed to interfere with the early bed hour. Nervousness and dark circles under the eyes are usually found in a child who sits up too late in the evening.

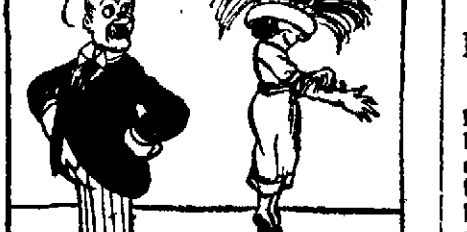

OLD MAIDS' LOT EASIER.
The stigma attached to an old maid is fast disappearing. Life for her even in China is growing wider and more interesting.

"To be a spinster now is not so terrifying as it was formerly," says Mrs. H. C. Moi, Vice-President of the National Committee of the Y. W. C. A. of China. "Girls are taking public scholarships to study abroad, hitherto an unheard of proceeding. They want to train themselves as physicians, nurses, teachers, musicians, journalists and social workers. Women doctors and nurses, both home and in foreign trained, are patiently laboring for social amelioration, some conducting hospitals dispensaries and nursing schools with success. We have accomplished much good work in the Red Cross, flood and famine relief."

Mrs. Moi adds that her countrywomen look to America for feminist ideals and inspiration.

WANTED HOOVER TO SEND GIRL TO CHICAGO HOME

Seven Year Old Lass Offered
to Pay Transportation
Of Hungry Child She
Sought to Adopt.

The Licking County committee for European relief is looking about in Newark and county communities for the counterpart of the Chicago lass who opened her heart—and pocketbook—to aid the hungry little tots in Central Europe.

This Chicago girl—she is only seven—was unhappy when she learned of the hungry little ones across the water. She thought a good deal about their longing for food and finally she sat down in her childish hand, she scribbled a letter to Herbert Hoover. This is her letter:

"Dear Mr. Hoover—I have asked my mother if I could adopt a European child and she said yes. I want to ask if you could send a child from Europe on a boat. If you will pay the boatman what it costs, I then will pay you. My name is Lucile Blumenstock. No. 3697 Greenview is my address.

Yours truly,
Lucile Blumenstock.

A letter was sent by Mr. Hoover explaining that he could not take these little children from their parents, for so long a journey, but that she could render the same aid by giving a small donation. So Lucile sent her mite to

General Charles G. Dawes, treasurer of the Illinois state committee. It will take a good many kind hearted people in Licking county to follow Lucile's example so that this county's group of children, 1280 in number will not go hungry while this year's crop is being planted and harvested. It only takes \$10 to release the hunger pains of these orphaned little children until the crops are gathered. "I am strong for it," said a Newark man the other day. "Those poor little kiddies didn't have anything to do with the war and they are the ones who are suffering most right now. They will be strong anti-war advocates when they grow up, for they will not soon forget the horrors they suffered as a result of this war."

The Licking county committee is rapidly forming its plans to secure the "adoption" of these youngsters and these plans will be made public in a few days.

Already a number of contributions have been forwarded to the county or state headquarters and these will be counted against the county quota but there are still 1200 or more of these hungry children for the county to feed.

SEEK STEEL CORPORATION HEAD FOR SHIP BOARD

Washington, April 19.—James A. Farrell, president of United States Steel Corporation is expected by high administration officials here to be named as chairman of the new shipping board, names for which was sent to the senate last week by President Harding.

Although definite information from the White House were lacking there were increasing indications that the president still was considering an acceptance from Mr. Farrell, although the latter twice has declined the place. The offer is understood to stand and it is known that in the last few days the administration has brought many influences to bear to induce the steel corporation president to accept.

FOOD PRICES GO UP IN MARCH

Federal Bureau's Index Shows That Meat, Butter, Cheese and Sugar Increased in Price.

Washington, April 19.—Prices of meat, butter, cheese and sugar increased during period from February 15 to March 15, while retail costs of many other commodities making up the average family budget decreased, according to the monthly index issued yesterday by the department of labor. An average decline of one percent in the retail cost of food was estimated.

Fourteen of the 44 articles dealt with in the index showed increases as follows: Cabbage, 17 percent; granulated sugar, 9 percent; pork chops, 8 percent; sirloin steak, round steak, rib roast, chuck roast, butter and cheese, 2 percent; plate beef, ham, lamb, veal and lamb chops one percent.

Decreases were recorded as follows: Eggs, 13 percent; rice and prunes, 7 percent; bacon and corn flakes, six percent; lard, 5 percent; oat margarine, nut margarine, corn meal, potatoes and oranges, 4 percent; beans and canned tomatoes, 3 percent; flour, rolled oats, navy beans and canned corn, 2 percent; canned salmon, fresh milk, evaporated milk, bread, macaroni, baked beans, canned peas, tea, coffee and raisins, 1 percent.

The average family expenditure for food decreased in 29 cities and increased in 11 cities from which the department receives monthly figures. In Cincinnati, the expenditure was the same on the two dates.

PUBLIC APPROVAL AIDS LIQUOR LAW VIOLATION

Cincinnati, April 19.—John F. Kramer, U. S. States Commissioner of prohibition at Cincinnati for Washington D. C. yesterday, following a brief session in court, Mr. Kramer declared that he is opposed to placing the work of enforcing prohibition in the hands of the department of justice. He said that the most serious obstacle to the enforcement of the Volstead act lies in the fact that the public approves of the violation of the law.

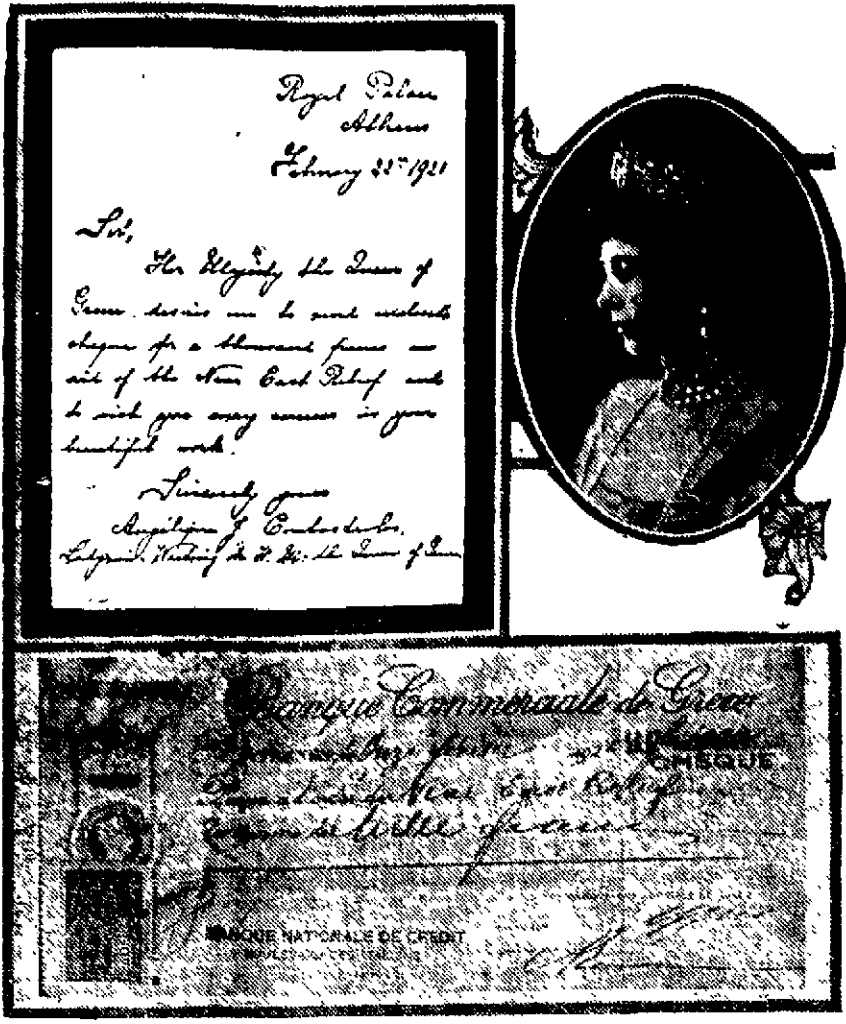

WOMAN EXCUSED AS JUROR.

Cincinnati, April 19.—For the first time in the Hamilton county courts since women became eligible for jury service the age limitation was invoked as an excuse to excuse the jury service. Mrs. Alice Brumant, summoned in a first degree murder trial yesterday, said she was past the legal age, 70, and would like to be excused. She was.

NO EVIDENCE TO PROSECUTE.

St. Louis, April 19.—Prosecution Attorney Nathan D. Porges county declared yesterday that he had no information or evidence available under which he could prosecute Roland P. Pothier and Robert Rosenblum, former owners of a restaurant, in the death of Major Alexander D. Crook, shot at Camp Lewis, Washington, in October, 1918.

Greek Queen Aids Near East Relief

QUEEN SOPHIE SENDS 1,000 FRANCS TO HELP GREEK REFUGEES

Queen Sophie of Greece, the wife of King Constantine, has sent her check for one thousand francs to Dr. James L. Barton, Chairman of the American NEAR EAST RELIEF, 1 Madison Ave., New York, to be used in the "beautiful work" of saving the Christian populations of the Near East from starvation and death. The NEAR EAST RELIEF fed 30,000 Greek refugees stranded in Basm for six months; it maintains hospitals and orphanages for Greek children at Broussa and is caring for thousands of Greeks throughout Asia Minor.

"Let's put Mello-Gloss on the walls in every room"

The beauty, the washable and long-wearing properties of Lowe Brothers Mello-Gloss on kitchen and bathroom walls, have induced many home owners to use it throughout the house.

Mello-Gloss is a wall paint that dries with a beautiful satiny sheen; that can be wiped off as clean as a china plate, and just as easily.

Ordinary dirt, grease and even ink spots do not affect it. And it stands repeated washings.

Made in twelve tints called Rest-Tones. Come in and see the samples and ask for booklet.

This Letter Will Tell You How

"I suffered terribly every month, and was always tired and nervous, and I had indigestion, and often could not do a thing. I was this way about two years, and had to stay home with my mother. I tried several medicines, then I found a book of yours, and mamma told me to try the Compound. So I got a bottle of Lydia E. Pinkham's Vegetable Compound, and it certainly worked wonders with me. I have taken six bottles of it, and am still taking it when I feel the need of it. I have already recommended it to a number of working girls, who are taking it. I am working now, and stand up all day and feel fine. I am glad to say that Pinkham's medicine did a lot for me and for my mother, and we only wish we had taken it a long time before."—Rosa Schott, 4870, Annunciation St., New Orleans, La.

This letter is but one of a great number received every year from women, young and old, and from almost every walk of life. These letters testify to the merit of Lydia E. Pinkham's Vegetable Compound.

Miss Schoeff works for her living, but on account of sickness was obliged to stay at home for two years. During this period she suffered terribly at times. She tried several medicines without finding relief. Finally she tried Lydia E. Pinkham's Vegetable Compound, and in this letter tells what it did for her.

The Vegetable Compound contains no narcotics or harmful drugs, and can be taken in safety by any woman. Your livelihood may depend on your health. So try

BROKER'S HAPPY TRIANGLE IS WRECKED; WIVES SEEK DIVORCE; HE FACES PRISON

Mrs. Esther Marie Tatnall Andrews, who is wife No. 2; Mrs. Maud Haynes Andrews (at upper right), Andrews' first wife, and Herbert Thornton Andrews.

Herbert Thornton Andrews, New York broker who boasted of two wives, apparently lived happily under the same roof until a short time ago, may soon be without any wife. For wife No. 1, Mrs. Maud Haynes Andrews, who is the mother of his two boys, has filed suit for divorce at Trenton, N. J. and his second wife, Mrs. Esther Marie Tatnall Andrews, has retained counsel to seek an annulment of her marriage to him. And charges of perjury and bigamy have been filed against Andrews at Greenwich, Conn. The bigamy warrant has been issued. Andrews says, "My enemies have built a fortress about me."

PALMETTO ROOT TO MAKE BRUSHES

Tampa, Fla., April 19.—The scrub palmetto root, for years regarded as probably the most worthless product of the soil of the Gulf states and a source of heavy expense when land is being cleared for planting, is worth something after all. Extensive experiments with a view to utilizing the fibre of the root for the manufacture of brushes have been successful.

Of the 359 brush factories now operating in the United States, nearly all are utilizing imported fibre, the bulk of which is obtained from Mexico and Brazil. Several brush manufacturers who have investigated the palmetto fibre declare it to be equal, if not superior to any imported.

HOUSING BILL AND RENT ACTS ARE HELD VALID

Washington, April 19.—The so-called "housing" bills of New York were held valid yesterday by the supreme court. The District of Columbia rent act also was declared constitutional.

The court divided five to four, in each case. Chief Justice White and Assistant Justices McReynolds, McKenna and Vandewater dissented.

The opinion of the court in the New York case was on an action brought by the Marcus Brown-Holding company which attacked sections of the state laws compelling landlords to give specific service to tenants and making dispossession under ordinary circumstances extremely difficult. In the District of Columbia case the opinion was an act of congress known as the Hall law, a war time act permitting tenants to remain in possession of rented property at pre-war rates and setting up a rent commission to pass on the question of fair rentals. Justice Holmes for the majority in this case declared that the laws of eminent domain and those conveying police powers justified restriction of property right without compensation in cases of public emergency.

Justice McKenna in rendering the dissenting opinion, declared that the attack on "constitutional liberties" contained in the act "struck at the very root of our civilization."

"What concern of the people is it who occupies a cellar in Washington for business purposes or an apartment in New York?" asked Justice McKenna. "The answer is, to supply homes for the homeless. That answer will not satisfy. If this legislation is legal, what will be illegal?"

HOUSE ADOPTS BILL TO PROBE ESCAPE

Washington, April 19.—The resolution authorizing an investigation of the escape of Grover Cleveland Retzold, Philadelphia draft evader who is now in Germany, was adopted yesterday by the house without opposition after brief debate.

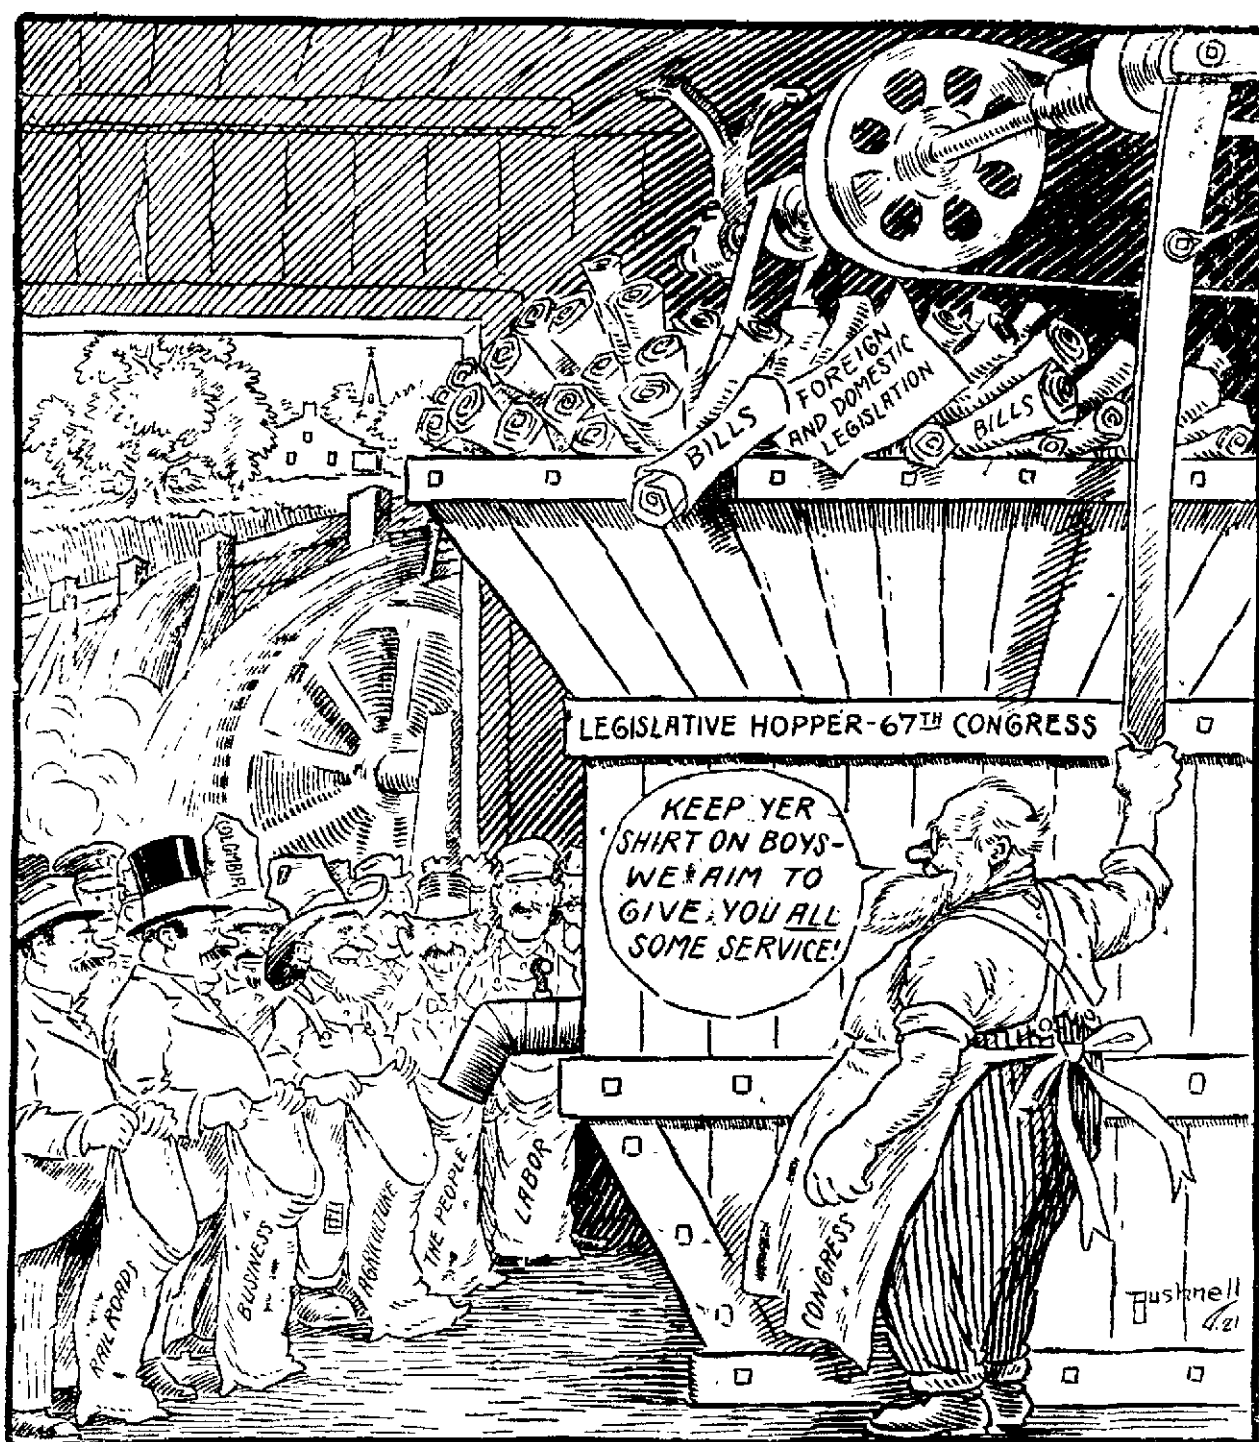

REFUSES TO REVIEW CASE

Washington, April 19.—The supreme court refused yesterday to review decisions of Ohio courts holding that John W. Dahlgren was entitled to a fourth share of the estate of the late Samuel P. Vinton, wealthy coal operator.

HAWAIIANS BIG ADDED

FEATURING TO PROGRAM.
Newark music lovers will have an opportunity again of hearing Domingo's Musical Extravaganza, who a year or so ago, played the Auditorium and left a big impression. The management has secured them for three days beginning yesterday.

The company is different from what it was on its last appearance at the Auditorium and will surely delight and please again.

Domingo, the director and manager, is a native Filipino, and the first Filipino violinist, graduated in the Conservatory of Music, Madrid, Spain. He masters violin, ukulele and steel guitar well. Many Hawaiian musicians received their musical education from him.

finds herself in love with the straight-forward fellow but remembers the stipulation made in her husband's will. She has always been used to luxury and she is afraid to step into the atmosphere of a humble home.

The young man goes away to work a ranch given him by his uncle. Iris promises to wait until he has made good and returns for her. While he is gone her fortune is swept away. She is pursued by a wealthy London banker who is really in love with her and wishes to marry her. She is with out funds. She will not marry the banker but he placed a check book at her disposal. An entanglement follows. Her sweetheart returns and finds the banker in her apartment.

Just what follows is the punch of

picture material it contains. It is the story of a man who threatened by terrible danger to himself and to those he loves most dearly, fights single-handed a battle of wits with a gang of criminals.

Supporting Mr. Walsh is a very strong cast, including Mildred Reardon as leading woman, Charles Mussette, Lillian Beck, Louis R. Wolheim, Harold Thomas, Charles Slattery, Jack Newton, Spencer Charters and Lillian Griffiths. The picture was directed by George A. Beranger.

FILM FLICKERS

In the theater scenes for Elsie Ferguson's latest Paramount picture, "Footlights," two of the most distinguished "extras" that ever have worked in Paramount's studio appeared. These were Don Marquis, columnist of the New York Sun, and Christopher Morley.

first production. At the end of the story it is shown how work under the direction of Penrhyn Studdows, who also will direct "The Ordeal."

"Man-Woman-Marriage" is truly one of the wonder pictures of 1921.

Wonderful in the splendor of its gorgeous and colorful scenes of barbaric love.

Wonderful in its magnificent sweep of time, crystallizing the story of woman from the cave age to the present day.

Wonderful in its frank pictorialization of the passions and follies of Constantine's pagan world and of our own world.

Wonderful in the vastness of its panoramas.

With its cast of 6,000 actors, it is indeed a spectacular and romantic drama of startling and stupendous effect.

Starring Dorothy Phillips.

Since the presentation of Sir J. M. Barrie's "Sentimental Tommy" by Paramount the old question as to whom Barrie had in mind when he conceived the character of "Tommy Sandys" has been revived. It is the popular conception that "Tommy" was Sir Barrie himself in his youth, but the author, in a recent letter to friends in New York said that he had Robert Louis Stevenson in mind when he wrote the book.

Diana Allen, who played a leading feminine role in "The Kentuckians," a Paramount picture, is playing the part of "Mamie Pike" in Thomas Meighan's latest picture for Paramount, "The Conquest of Canaan" which is now in the process of production at the Long Island studio.

When the Metro picture "The Man Who," starring Bert Lytell, was being filmed in New York, it was found that Manhattan Island, oddly enough, lacked California sunshine. Undeterred, Director Maxwell Karger availed himself of the fact that California was on the map, and shipped the entire company to the West. With the aid of photographs, drawings and verbal descriptions, blocks of New York's busiest thoroughfares were reproduced with remarkable fidelity to truth. "The Man Who" is from the bizarre story by Lloyd Osbourne, originally published in the Saturday Evening Post. It was prepared for the screen by Arthur Zeller.

Viola Dana, who has become a violinist, is now starring in Metro's production, "Life's Darn Funny," has an audience that includes at least one extremely unappreciative member, "Barrie," a prize Alredale belonging to Gareth Hughes, her youthful leading man, stands at one end of the "set" on which Miss Dana works and howls until the last note has been played. Dallas Fitzgerald, who is directing the production, insists that the dog has no ear for music—that Miss Dana's music isn't nearly as bad as some he has heard.

May Allison, Metro's blonde favorite, too, a prominent part in a mammoth pageant staged at the Ambassador hotel, Los Angeles, a few days ago, for the benefit of the Children's Hospital.

who presides over the New York Evening Post's column. These two humorists have been wanting to write the inside story of the movies for some time but unlike most writers who tell the inside story from the outside they decided to come inside for their information. Under these conditions it was an easy matter for Cecil Owen, casting director at Paramount's Long Island studio, to get Marquis and Morley a "job in pictures" at \$10 a day.

The Constance Talmadge kiss ought to be famous after the world sees "Lessons in Love."

Some girls just let you kiss them. Constance helps.

Elsie Ferguson and Wallace Reid will co-star in Paramount's version of the great stage success "Peter Ibbetson," which will be directed by George Fitzmaurice, at the Paramount eastern studio. "This will be a super production in every sense of the word," declared Jesse L. Lasky, of his announcement. "It is in line with our policy of using several real stars in one production and carries out our promise to the playing public that the highest class of pictures will be created for them."

Charles Ray's picture "The Old Swimmin' Hole" has been recommended for use as a text "book" in the public schools.

It was selected by the board with the formidable name, the Curriculum Committee of the Visual Instruction Association of the City of New York.

Do you think the youngsters will play hooky from school any more now? Neither do we.

Thomas Meighan and his "Conquest of Canaan" company including Doris Kenyon have returned to Paramount's eastern studio after a four week's stay in Asheville, N. C. where exteriors for this picture, which is based on Booth Tarkington's story were taken. Asheville was completely transformed into Tarkington's mythical Canaan by the technical staff under the direction of R. William Neill. The Asheville scene became Canaan street cars, the country jail had "Canaan" painted over the door and the hotel became Canaan's chief hostelry.

Betty Compson, who recently signed a contract to appear exclusively in Paramount pictures, will have for her next starring vehicle an original by W. Somerset Maugham, noted English author, entitled "The Ordeal" according to the announcement by Jesse L. Lasky, Paramount's vice-president. The picture will mark Miss Compson's second appearance as a Paramount star. Her

in Los Angeles. Miss Allison, who was seen in the French division, appeared as one of the dancers in a tableau. She just had finished her latest Metro production, "The Woman Next Door," when she started rehearsals for the pageant, which proved very successful from a financial standpoint, as well as an artistic.

Bert Lytell, Metro popular star, recently arrived from New York where he has been spending a few days of leisure greeting his old friends around Hollywood. Mr. Lytell will complete his latest Metro picture, "The Man Who," a Maxwell Karger production, after a few remaining exterior scenes have been taken.

during his two years' stay in Honolulu. He is bringing to the Auditorium his American singers and players under his own personal direction, three American girls and four boys. Violin, ukulele and steel guitar solos, yodels, whistles, soprano, duets, trios, quartets, together with dancing by Minda, the famous hula-hula dancer from Honolulu. The above program is an added feature to the Paramount picture, "Brewster's Millions" in which Roscoe (Fatty) Arbuckle is the star.

WHEN YOU WANT A "COP" ASKS HARRY LLOYD.

Do you know the quickest way to enlist the aid of a "copper"? Go to the Grand theater any time today or tomorrow and see Harold Lloyd, get the whole police department rushing to his aid in "From Hand to Mouth."

It happens like this: Mildred Davis is a beautiful heiress who has been captured by some desperate desperadoes, of whom "Stub" Pollard, wearing his inevitable spats and white gloves, is the "main guy." Harold Lloyd, who is mainly concerned about kidnapping a meal, seeks to rescue the heroine, but it's more than a one man job, so he politely asks the nearest policeman for help.

But Mr. Blue Coat heels him not. Another policeman is deaf to his pleading; another and another. In desperation Lloyd takes drastic measures. Planting a well aimed kick in the place

on the officer of the law where it would be the most good, he turned and runs, the policeman at his heels. He passes another "cop," insult him, and he also takes up the chase. Before he gets through insulting them he had the whole police force—even the chief—chasing him to the lair of the kidnappers, and there a pitched battle takes place and the boy escapes with the girl.

PAULINE FREDERICK, STAR IN "A SLAVE OF VANITY."

Supported by an extraordinary fine cast, Pauline Frederick will be seen in "A Slave of Vanity" at the Grand theater again today and tomorrow. The picture is a Robertson-Cole super-special and is the first of a number of pictures Miss Frederick will make for this company. It is the contention of critics who have seen the star in this release that it is the greatest vehicle of her career and she make the most of it. "A Slave of Vanity" was adapted to the screen from the drama "Iris," written by Sir Arthur Wing Pinero, the famous British playwright.

In the cast with Miss Frederick are Niles, Daisy Robinson, Arthur Hoyt, Ruth Handforth and Howard Gaye. All of these artists have long been identified with the screen and with the legitimate stage.

The story of "A Slave of Vanity" tells of a young widow whose husband left her his entire estate on the condition that she remain single for the rest of her life. All goes well until a young man of great talent but small income crosses her path. The widow, Iris

From the play "Iris" by Sir Arthur Wing Pinero.
If your late husband was mean enough to say in his will that you would lose wealth and social position if you married again, would you fire the whole into the sink and marry the poor young man who had crept into your heart? It's a hard question especially if you have been used to luxury all your life. Pauline Frederick finds a solution in the most sensational photoplay. You should not miss it. No advance in prices.

A POOR FINISH IS USUALLY BLAMED ON A BAD START
You have often heard these remarks, "If I had the chance he had," or, "I never had an opportunity, etc." But you usually find the fellow that has the job made the opportunity. When he discovered it required better light to see the ledger, he got a larger globe. When he still had trouble in seeing he consulted O. P. Cook, had his eyes examined and found the trouble. If you have any eye trouble consult him at once.

day and today heard the case of Edwin
Green vs. Mrs. J. Jones et al. County
commissioners, in common pleas court.
Mr. Green is suing for damages for the
loss of services of Mrs. Green, who was
alleged to have been injured by
falling through a temporary bridge on
South Second street, at a time when re-
pairs were being made on the bridge by
the commissioners.

In municipal court this morning
Maggie Byes and Esther Brown, col-
ored, were fined \$5 and costs apiece on
a charge of street walking. Two train-
ers were ordered out of town.

Two Are Fined.
Judge Bolton fined a little neighbor-
hood squabble last night at 7:30 in
municipal court when Gladys Puffer
and Bessie Andrews were fined \$5 and
costs for assault and battery. Each
filed counter charges against the
other. The charge against Bertha An-
drews was dismissed by the judge.

"STAR DUST" IN THE MOVIES.
Work has been started on the moving
picture film to be made from Fannie
Hurst's first full-length novel, "Star
Dust," which the Harpers have just
published.

It is expected that the
film will be completed during the sum-
mer, ready for release in the early
autumn. The success of the screen ver-
sion of "Humoresque" perhaps Miss

Hurst's most famous short story, was
so marked that the Harpers have put
out a special photoplay edition of the
tale, with over twenty photographic
illustrations taken from the film.

**KNIGHTS ARE HOSTS
TO SCOUT TROOP NO. 1**

The Knights of Columbus entertain-
ed the Boy Scouts of Troop 1 last
evening at the K. of C. hall. This
troop meets at St. Francis de Sales
church, under the leadership of A. J.
Gilbert and is the troop that defeated
Zanesville Troop 1 at the indoor field
meet in January. The entertainment
last night was in recognition of the
work done by the boys in connection
with that field meet. The boys were
served an excellent supper by the K.
of C. After the meal talks were made
by each member of the troop commit-
tee. Ray Martin, assistant attorney
general, Scoutmaster A. J. Gilbert,
Scout Executive K. L. Brown.

It was pointed out to the boys by
several of the speakers that it was only
through co-operation on the part of all
the boys that troop success is possible.
The evening was thoroughly enjoyed by
all present and will certainly be an in-
centive for the boys concerned to strive
for further honors in scouting.

**SEX PLEADS GUILTY;
IS FINED \$300**

William Sex pleaded guilty in munici-
pal court to the charge of possession of
intoxicating liquor and was fined \$300

GOVERNMENT WEEKLY
REVIEW OF MARKETS

Washington, D. C., April 19.—Weekly
market list issued by the United States
Bureau of Markets for the week ending
April 18:

Grain.

Prices declined the first part of week
due to large country offerings, lack of
demand, reports exporters reselling and
British labor situation. But on the 14th
settlement of British strike and de-
velopment of good export demand,
started an upturn that continued until
the 18th. Freezing temperatures and
blizzard in winter wheat belt also were
factors influencing advance. Later on
the 15th buying gave out and with
Winnipeg market weak in prospect of
emergency tariff bill all grains declined
sharply before the close. Seven hun-
dred and sixty-five thousand bushels of
Canadian wheat were received at Du-
luth since navigation opened; 300,000
bushels due to arrive on the 15th. Ex-
port demand slow. Visible supply of
wheat 17,431,000 bushels, showing de-
crease of 446,000 for the week. Exports
continue to seek corn. Visible supply
of corn 31,064,000 bushels, showing a
decrease of 1,652,000 for the week. In
Chicago cash market No. 2 red winter
wheat \$1.30 1-8; No. 2 hard, \$1.37 1-8;
No. 3 mixed, corn, 54 3-4; No. 3 yellow,
55 1-2; No. 3 white oats, 36 3-4c. For
the week Chicago May wheat down 4 1-4
cents at \$1.24 1-2; May corn, 1 1-2 at
56 5-8c. Minneapolis May wheat down
six cents at \$1.18; Kansas City May
3 1-2c at \$1.15 1-8; Winnipeg May 1 1-2
at \$1.50 5-8.

Fruits and Vegetables.

Northern sacked round white pota-
toes up five cents per 100 pounds at
shipping points, closing 50-55c. Chicago
carlot market advanced, 3-10c at 90c.
\$1.10. New York round whites down 15c
New York City at \$1.10 1-2 bulk.
Florida No. 1 Spaulding Rose in double
head barrels held at 1-7-8 Chicago, but
lost 10c per barrel. New York close
held \$7.50-7-8. Texas sacked Bliss Tri-
umphs up 50c per 100 pounds Kansas
City at \$6.50-7. New potato shipments
totaling nearly 500 cars during week
ended April 16; movement of old stock
fell off about 3-4c.

New York cold storage A-2 1-2-inch
Baldwin apples firm in leading city
wholesale markets at \$5.50-6.25 per bar-
rel; Chicago up \$1.50 at \$6-50. North-
western extra fancy Wisconsin, 1-2 at
56 5-8c. Minnesota May wheat down
six cents at \$1.18; Kansas City May
3 1-2c at \$1.15 1-8; Winnipeg May 1 1-2
at \$1.50 5-8.

Butter markets were unsettled the
past week. Declines on the 14th and
15th followed by steadier tone and on
the 18th advances were recorded. How-
ever, eastern markets are about three
cents lower than a week ago. Liberal ar-
rivals of California butter on eastern
market during the week. Closing prices,
92 score; New York 45 1-2c; Chicago,
46 1-2c; Philadelphia, 47 1-2c; Boston 47.

Cheese markets dull and inactive dur-
ing week. Trading quiet regardless of
fact that prices were generally reduced
about two cents under previous week.
Some cheese is being shipped on con-
signment from Wisconsin points. Pro-
duction is increasing. Prices Plymouth-
Wisconsin cheese exchange, daisies,
18 3-4c; double daisies, 16 1-4c; young
Americas 16 3-4c; longhorns, 16c.

Livestock and Meats.
The trend of Chicago livestock prices
was downward the past week although
fat lambs advanced 50-75c, and heavy
hogs, 10c per 100 pounds. Other grades
of hogs lost 5-25c. Beef steers, generally
25c lower. Feeding lambs, yearling,
and fat ewes were not materially
changed. April 18 Chicago prices:
hogs, bulk of sales, \$6.15-9.10; medium
and good beef steers, \$7.50-8.75; butcher
cows and heifers, \$5-9; feeder steers,
\$7-8.50; light and medium weight veal

calves, \$6.50-9.50; fat lambs, \$8.25-11;
feeder lambs, \$6.50-8; yearlings, \$7.25-
\$9; fat ewes, \$5-6.75.

Stock and feeder shipments from 11
important markets during the week
ending April 6 were: cattle and calves
\$8,269; hogs 13,665; sheep 5,952.

Western wholesale fresh meat prices
present a rather mixed appearance, ad-
vances at some markets being counter-
balanced by declines at others. Beef
up 50c-1; mutton steady to 1 higher;
pork loins \$1 higher to \$2 lower de-
pending upon weight and market. Veal
generally \$2 lower and lamb steady to
1 higher. April 18 prices good grade
meats: beef \$17-18; veal \$17-20; lamb
\$18-22; mutton \$14-17; light pork loins
\$27-32; heavy loins \$17-24.

Receipts light. Demand light and
confined largely to the better grades.
Despite expectation of increased ship-
ping of alfalfa from Idaho before April
30, expiration date of reduced freight
prices remained steady. Prairie re-
ceipts very light but decline in timothy
counteracting small arrivals and price
held only firm. Clover mixed hay in
poor request because of lateness of sea-
son. Choice quality with scarce
receipts in good demand. Cincinnati.
Lower grades heavily discounted in
most markets. Trucks generally well
cleaned up; stocks small. Receipts Chi-
cago heavy but well taken. Storm con-
ditions expected to interfere with ac-
cruing receipts but run of hay is expected
to increase as soon as planting season
is over. Southern markets, report de-
mand as light because of ample grad-
ing. Quotes: No. 1 timothy \$23 Chi-
cago, \$25 Philadelphia, \$23 Cincinnati,
\$26 St. Louis, \$30-50 New York; No. 2
timothy \$18-50 Chicago, \$22 Philadelphia
\$21 Cincinnati, \$21 St. Louis, \$28-50
New York; No. 3 alfalfa \$21 Chicago,
\$23-50 Cincinnati, \$25 St. Louis; No. 1
prairie \$19 Chicago, \$20 St. Louis.

Markets weaker. Wheat feed prices
at lowest point for many years. Bran
and middlings offered in northeastern
territory \$22-30 and \$22-30 respectively.
Light and rail shipment. Season ship-
ments about \$1.50 discount. Southern
price advance of cottonseed meal de-
termining buyers. Finest meal weaker;
production light because of inactivity
of oil market, but in eastern terri-
tory which jobbers and mills seem
anxious to dispose of. Under influence
of lower corn market hominy feed cas-
ier. Gluten feed and alfalfa meal firm.
Feet pulp druggery dealers shading
pink. Demand poor; white hominy
feed \$19-50 St. Louis, \$28-50 New York,
thirty six per cent cottonseed meal
\$23-50 Memphis; No. 1 alfalfa meal
\$21-50 St. Louis, \$24 Cincinnati; linseed
meal \$40 northeastern destinations; clo-
ver feed \$31-50 Chicago; beet pulp \$30,
reground oatfeed \$11-50 Philadelphia.

The First Sauce.

Who made the first sauce? Were the Chinese the pioneers in this as in so many other things? At one of the many Celestial restaurants now springing up in London I was given a card with my dinner, in which the brown and mysterious but not unappetizing condiment—served in small saucers—was described as "the oldest sauce in the world." Is it in truth the ancestor of Worcester, Yorkshire and all those other liquid inseparables of the beef-steaks and chops of old England? Correspondence of London Chronicle.

Youthful Joy.

If dryads ever chose special dwellings it must have been within the boles of walnut trees. If the tree was unknown to old Helias, then the gods forgot something essential to the happiness of youth. ONE MAN CARS NOT VIOLATION OF OHIO LAWS

City Solicitor and Utilities
Commission File Opinions With Council.

Webb Street Subway Impracticable and Costly
Engineer Wells Says.

The city council met in a rather prolonged session in which a great deal of routine business was accomplished. City Solicitor H. C. Ashcraft had a great many letters on the one man street car proposition, the East Main street paving, and the Texas outlet. Nothing important in the way of ordinances or resolutions was enacted.

On the proposed subway at Webb street the city solicitor and the street committee of the council made a written report in which was stated that Webb street had been legally vacated by law and that condemnation and purchase proceedings would be necessary to regain the ground given to the B. & O. which would be necessary to erect either an overhead outlet or a subway. The report also stated that Webb street was five feet lower than Second street at the river and not five feet higher as was previously reported. This would make a subway be from five to 7 feet under water in flood time and for this reason the committee found it impracticable. The committee concurs with the opinion of the city engineer that it would be unwise to build a subway or an overhead outlet because of the prohibitive cost.

F. C. Wagner spoke in support of relief for Texas and was assured by Councilman Riggs of the street committee that that committee would visit Texas in the near future to conduct a personal investigation to see if relief cannot be afforded in some way.

On the protest to the operation of one man cars here the law committee submitted to council a letter from Attorneys Fitzgerald, Montgomery and Black. The letter stated that from information received from B. J. Jones, receiver for the company, the present system was being operated here to cut the loss incurred in operating cars here and that the action was being taken under authority of the United States court at Toledo and the state public utilities commission. The letter was received and filed.

In the legal opinion asked of City Solicitor Ashcraft regarding the legality of the one man system, the solicitor rendered a written opinion to council last night which states that the Ohio Electric is not violating any franchise in using the one man system. A letter from E. E. Corn of the public utilities commission stating that there was no statute law prohibiting the operation of one man cars was also received and filed.

City Solicitor Ashcraft reported the cases of William Guttridge et al and M. T. Keely and Son vs. the city were both decided in favor of the city. Mr. Ashcraft also reported notifying the Federal Asphalt Paving company of council's intentions to proceed with the work if the paving company failed to begin work within 30 days or notify council of the company's intention to do so. The Ohio Electric company was also notified of its liability in the paving of the space between the tracks. A letter received from B. J. Jones, receiver of the company and waiving the rights of the company, was received and filed. The letter means that the O. E. will not oppose the work of paving East Main street.

An ordinance accepting the annexation of the West Newark territory recently admitted to the city was again passed in council last night because of a technicality, the suit in the matter not having been withdrawn from court heretofore.

An ordinance for the paving and curbing of Curtis avenue from East Main street to Henderson was passed under suspension of rules.

An ordinance granting the right to J. W. Weakley et al to construct a sewer for the property at 61, 65, 69, and 73 East Church street was passed under suspension of rules.

A resolution to prepare plans for the paving and sewerage of South Sixth street from Popular avenue to the Calhoun property was adopted.

A resolution requesting City Solicitor Ashcraft to report in writing to the council all cases filed against the city at the time they are filed was adopted.

A resolution granting for a sewer in Prior avenue was adopted on suspension of rules, as was a resolution for sewers in National Drive.

The street committee of the council to which the protests of the paving of Curtis avenue and South Sixth were referred reported that the improvements were needed and necessary. The report was received and filed.

The report of City Solicitor Ashcraft that he could find no legal objection to the outlet to Texas asked for in the petition signed by W. F. Holton and 275 other residents of Texas was received and filed.

City Engineer Wells submitted an estimate of costs for the sewer in Prior avenue. He estimated the total cost to be \$3,361, cost to the city \$780.93 and at the rate of \$1.37 1/4 per foot. He also gave an estimate of the cost of sewer improvements on the National Drive of \$8,391.00. Both estimates were received and filed.

A petition signed by Sophia Ritzer and 29 other residents of South Second street between Spencer street and Pecan road protesting any further action on the paving of South Second street until costs come down was referred to the street committee and the city engineer.

Letters were received from Mrs. Mattie E. Hawley and Mrs. Flora T. Devine of Jefferson street protesting the paving of the street because of the cost. The letters were received and filed.

ADD THREE INSTRUCTORS.
Columbus, April 19.—Three new instructors were appointed to the faculty of the Ohio State university at a recent meeting of the university trustees. They are: Professor B. H. Bode of the University of Illinois, to the department of education; Professor Walter Shepard of the University of Missouri, to the department of political science; and Professor C. O. Ruggles of the University of Iowa, to the department of economics. Professors Ruggles and Shepard have held positions at Ohio State before.

NEW COMMITTEE IS NAMED.
Columbus, April 19.—"Woman's Ohio" is the name of the newly organized committee at the Ohio State university, the purpose of which is to interest high-school girls of the state in the university.

COARSE SALT USED TO PACK SMOKED MEATS

Columbus, April 19.—A well cured smoked meat may be kept sweet, free from mold and insects, moist, and in tip-top condition from March until October in coarse salt, says Professor C. T. Conklin of the Ohio State University. The pieces of meat must first be cured and smoked, then wrapped in heavy paper and buried in coarse salt, such as is used for ice cream making. About two inches of the salt should be placed in the bottom of a barrel or box and the wrapped pieces of meat then packed in, using about the same and over the top.

CLASS ERECTS MEMORIAL.
Columbus, April 19.—A flagpole, to be erected on the campus at the Ohio State university, will be the memorial of the class of 1921. It was decided recently by the graduating class of the Columbus institution. It is thought probable that a fund of \$3,000 will be used for the purpose of building the memorial. University authorities say that the proposed flagstaff will fill a long felt want.

COMPOSER GOT \$50 FOR SONG.
PUBLISHER \$50,000.
An Irish song brought its composer \$50 and its publisher \$50,000.

It was "Kathleen Mayouneen," the most popular of Irish ballads. The music was written by an Englishman of Irish ancestry. The story of this and other Irish songs that John M. McCormack sings is told in the April issue of The Mentor Magazine.

FRANK D. HALL, DRUGGIST.

Used by Two Generations

Toledo, Ohio.—"When I was a girl at home Dr. Pierce's Pleasant Pellets were used in our family and I now give them to my own immediate family. I always give them to my children. They are very easy to take, never causing distress. They are especially good for the liver, constipation or bilious attacks and thoroughly regulate the system. I can speak very highly of the 'Pleasant Pellets' for I have used them for years with good results."—MRS. MATTIE LAYTART, 1031 Albert St. All druggists sell Dr. Pierce's Pleasant Pellets in small glass vials. Always fresh and reliable.

REDUCE THOSE DANGEROUS SWOLLEN VEINS

Physicians are prescribing and hospitals are using a new and harmless, yet very powerful germicide that not only causes enlarged or varicose veins and bunches to become normal, but also reduces gonorrhea, enlarged glands and wens. Ask any first class druggist for an original two-ounce bottle of Almond's Emerald Oil and strength and refuse to accept anything in its place. It is such a highly concentrated preparation that two ounces lasts a long time and furthermore if this wonderful discovery does not produce the results anticipated, you can have your money refunded.

It is not wise for anyone to allow swollen veins to keep on enlarging. Often they burst and cause weeks of pain, suffering and loss of employment. Start the Emerald Oil treatment as directions advise and improvement will come. Ask any first class druggist for a receipt of 15 cents, silver or stamps. International Laboratories, Rochester, N. Y. Your druggist or Brum's Arcade Drug Store can supply you.

**Until Wednesday
April 27**

T. J. Evans, Druggist, Newark, O., will give to each purchaser of a 50c bottle of that Master of Pain, Thurber's Quick Relief, a full sized bottle of Thurber & Yeo's Herb Wonder. This is done to introduce this marvelous stomach, liver, kidney and rheumatism remedy to the citizens of Newark. After April 27, the regular price will prevail.

NOTES HELP THIS CRIPPLED BOY

Was Unable to Walk Six Months Ago But Treatment at Children's Hospital Benefits Him Greatly.

Marion Ashcraft, the little crippled boy who six months ago was unable even to attempt to walk, is now through the aid of braces walking with and without the aid of crutches. Marion is the 5-year-old son of Mr. and Mrs. L. A. Ashcraft of Fairbanks avenue. He was sent to Ellyria by the Newark Rotary club. This is an example of the work that can be accomplished with proper care and aid.

—Photo by Mueller. MARION ASHCRAFT.

Previous to his treatment at the Crippled Children's hospital at Ellyria, Marion was unable to walk or even crawl. He was taken into the hospital for treatment and six months later made his appearance before the Rotary club here walking through the room. He created a profound impression on those men who had seen him before he was able to walk.

To further this work the Newark club will present at the Auditorium next Monday, Tuesday and Wednesday, the picture "That Something" in conjunction with Mary Miles Minter in the "Little Clown," the proceeds of the combined shows to go to the fund for Licking county crippled children being raised by the Rotary club. Various organizations such as the Kiwanis club, the Boy Scouts, the schools, the American Legion and others are selling tickets for the picture in the effort to have the work supported.

Curing by Suggestion.
There is nothing new in the attempt to cure disease by means of the mind. Many a shrewd physician of a hundred years ago cured patients with bread pills, and kept his secret. There were probably mental healers in Babylon and Assyria. They are known to have existed in Egypt, Greece and Rome, while the American Indian medicine man was unquestionably an adept in the art of suggestion.

Wrinkles Coming?

Here's the Answer

The skin can be brought back to its original plumpness and vigor by the use of a simple formula. An astonishing result is the quick disappearance of wrinkles, little and big, crows' feet and lines of age. It is simple and can be prepared in a few moments, by adding to half a pint of water one tablespoonful of glycerine and two ounces of epitel obtained from your druggist. This takes years from your appearance, and is always sure and positive in its work if you will apply it liberally, every day.

And If the Hair is Thinning

Strengthening and enlarging the roots of the hair is one of the real secrets of forcing hair to grow, something which has heretofore not been fully realized. Merely stimulating the surface tissue of the scalp will not stimulate the hair growth to the extent desired. By the new method just mentioned hair can be forced to grow several inches a month. Hair will stop falling as if by magic. The new vigor of the hair will be quickly noticed, and all bald spots will be soon entirely filled out with new sprouts. This can all be easily obtained by the simple use of beta-quinol, which can be secured at any drug store in the original one-ounce package. This can be mixed at home with a half pint of bay rum and a half pint of water, or with witch hazel, if you prefer. It contains no oil whatever.

To Cleanse Hair and Scalp

As to head-wash, you are advised against using soap or the many shampooes sold, because the alkali they contain. This dries up hair secretions. Get a package of eggol at the drug store and dissolve a teaspoonful of it in half a cup of water. You can get enough eggol for twenty-five cents for a dozen or more head-washes. It is useful in cleansing hair and scalp and aids wonderfully in making hair grow.

REPORTER'S HUNCH SOLVES MURDER OF TENNESSEE SQUIRE

Isaac Shivers and the high spots in the case.

The mysterious murder of Squire J. M. Parr, member of the Shelby county, Tenn., court and merchant at Raleigh, Tenn., has been cleared up through the "hunch" of a Memphis newspaper man, N. D. Tevis. Squire Parr was found late one night dying in front of his store. He had been shot. Detectives and bloodhounds failed to locate the murderer. Tevis, on a train, overheard the conductor remark that "the sheriff ought to keep an eye on that Shivers boy, Isaac." Tevis tipped off his newspaper and after a few hours' questioning Shivers confessed to shooting Parr. Shivers' father, ignorant of the fact that his boy was guilty, had served on the coroner's jury which decided Parr died at the hands of an assailant "unknown."

CHECK WORKER GIVES \$300 BOND IN COURT

Why You Must Have Iron to Make Your Body Strong and Your Brain Keen

Alert and Powerful—Value of Spinach and Organic Iron to Help Make Rich Red Blood and Revitalize Wornout Exhausted Nerves

WITH PLENTY OF BLOOD AND IRON, YOUR BRAIN is the most wonderful thing in all creation but without these it is nothing. IRON TAKES OXYGEN from your lungs and carries it to your brain. Without iron your brain gets no oxygen; and without plenty of rich red blood and oxygen your brain becomes dull and heavy. YOUR INTELLECT POOR, your memory fails, YOU DO FOOLISH THINGS, make bad decisions and you really amount to nothing, so far as accomplishing anything of importance is concerned.

Also without iron YOUR BLOOD BECOMES THIN AND WATERY and loses its power to change food into living cells and tissue and therefore nothing you eat does you the proper amount of good—you do not get the full strength out of it.

THERE ARE 80,000,000,000,000 RED BLOOD CORPUSCLES IN YOUR BLOOD AND EACH ONE MUST HAVE IRON.

When, as a result of iron starvation you get up feeling tired in the morning, when you find yourself nervous, irritable and easily upset; when you can no longer do your day's work without being all fagged out at night; when your digestion all goes wrong, or you have pain across the back and your face looks pale and drawn, do not wait until you go all to pieces and collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but eat more spinach and other iron-containing vegetables and take organic iron with them to help enrich your blood and revitalize your wornout exhausted nerves. But be sure that the iron you take is organic iron and not metallic iron.

Organic iron which people usually take. Organic iron is like the iron in your blood and like the iron in spinach, lentils and apples, while metallic iron is just as it comes from the action of strong acids on small pieces of iron. Organic iron may be had from your druggist under the name of NUXATED IRON. Nuxated iron represents organic iron in such a highly concentrated form that one dose is estimated to be approximately equivalent (in organic iron content) to eating half a quart of spinach or one quart of green vegetables. It is like taking extract of beef instead of eating pounds of meat. Your money will be refunded by the manufacturers if you do not obtain perfectly satisfactory results. For sale by all druggists.

10 KIWANIS CLUBS TO VISIT NEWARK

Inter City Meeting Will Be Held Here May 3 When Clubs of This District Will Be Guests.

Tuesday, May 3, will be a gala day for Newark Kiwanians when 300 of their fellow members from 10 Ohio cities will meet here to attend the inter-city meeting. There are 40 Ohio Kiwanis clubs and each club will attend a meeting at the same hours on that date, for a social time and to promote the Kiwanis spirit. Newark has been selected as one of the five cities for the inter-city meetings. Other meetings will be held in Akron, Dayton, Findlay and Norwalk.

The following clubs will arrive here early and be entertained during the afternoon and evening. Bellare, Cincinnati, Columbus, Coshocton, Delaware, Lancaster, Martin's Ferry, Washington C. H., and Zanesville. The final arrangements were completed at the meeting Monday noon and Dr. Earl V. Prior, president of the local club, will preside over the meeting and also act as toastmaster.

The following committee men are arranged for the day's program: Fletcher S. Scott, chairman of the reception committee, Cary Bricker, automobiles; G. G. Barber, information; C. H. Potts, souvenir badges; Walter Bowers, Newark club badges; Earl Woodward, parade, and M. C. Kent, decorations. The Newark club badges which will distinguish the local men from their guests will be shields of fabric, worn on the arm or hat, and very new and novel in design, being shaped like an outline of the state and bearing the Kiwanis insignia and colors.

Automobiles will be provided and during the afternoon the clubs will be driven to points of interest in and about the city. At 6 o'clock there will be a parade, each club bearing its own banner, and march to the Masonic Temple where a banquet will be served at 6:45.

After the dinner 10 Newark Kiwanians will each greet a visiting club in turn, with a two minute welcome address and two minutes will be allowed for the response from the president of each club. Dr. C. L. Wyeth, second lieutenant governor of the Ohio district will welcome Bellare; K. J. Dickerson, Cambridge, Rev. Benjamin R. Weld, Circleville; Robert A. Crawford, Columbus; Charles L. H. Long, Coshocton; Rev. George Bohon Schmitt, D. D., Delaware; Dr. J. G. Shurtz, trustee of Ohio district Lancaster; Dr. E. V. Prior, Martin's Ferry; Earl F. Woodward, Washington C. H., and Attorney Fletcher S. Scott, Zanesville.

The principal address will be given by Major Charles L. Montgomery, and other addresses will be by Harry Hughes, Columbus, inter-city chairman, Edmund F. Arras into city trustee and Charles A. Bliss of Columbus will give the Kiwanis poem.

A feature of the evening will be telephone connection during the entire meeting with each of the other four meetings and plans are being made to carry the sound of the gavel to each individual by means of amplifiers. Great fun is expected over the five minute stunt time when each club will give a stunt of its own, a surprise to the other.

International Organizer Charles Lender, formerly of Newark, now of Columbus, will be here for the meeting. W. W. Gard of Cleveland, who was the first Newark Kiwanis president, was in the city Monday and attended the noon meeting.

The inter-national meeting will be held in Cleveland June 21 to 26 and a large delegation from Newark is planning to attend.

LUGUE IN FORM

Cincinnati, April 19—Good pitching by Luque and some fielding of a sparkling character enabled Cincinnati to defeat St. Louis yesterday, 4 to 0. May was put out of the game in the second inning for protesting against a called ball, one run having been made off him. Petrie was wild.

IS THE DEMPSEY-CARPENTIER BOUT ON? RICKARD AND DEMPSEY ARE ON THE JOB

Can it be that Tex Rickard, Jack Kearns, Jack Dempsey and M. Georges Carpentier really mean business and plan to stage the long talked of battle for the heavyweight championship of the world on July 2? Signs look promising—bit more so than at any time previously. Here we have Promoter Tex Rickard climbing about a vacant lot which has been mentioned as a possible site for the huge wooden arena which will have to be built for the mill. And Jack Dempsey's right on the ground in New York after several weeks of exhibition matches on the vaudeville circuits.

WITNESSES DENY HOOCH HAD KICK

Defendant Escapes Penalty When Witnesses Tell Court They Did Not Buy "Intoxicating" Liquors.

In a rather peculiar case in municipal court yesterday afternoon Judge Bolton dismissed the charge of selling intoxicating liquor against John Marion of 139 North street and dismissed him.

The case which was one of the 12 brought by State Probation Inspector F. S. Evans and J. W. Gilbert was prosecuted through the evidence of four men who signed affidavits of having purchased intoxicating liquor of Mr. Marion. When the four men were called however each denied the purchase of intoxicating liquor. Each said that he got a "drink" and hadn't meant to sign that he had purchased any intoxicant. Each denied feeling any intoxicating effects and on motion of Attorney Russell, Fitzgibbon and E. G. Smythe the case was dismissed for lack of evidence.

The four witnesses were Frank White, who admitted he was drunk when he signed the affidavit, Alonzo Dush, Fredrick Burkey and Albert Roseman.

Following the defeat of the states forces in the John Marion case, the other charge of keeping a place where intoxicating liquors is sold was continued by request of the state until next Monday at 1 o'clock.

Y BOYS BEGIN GAMES IN TOURNAMENT SERIES

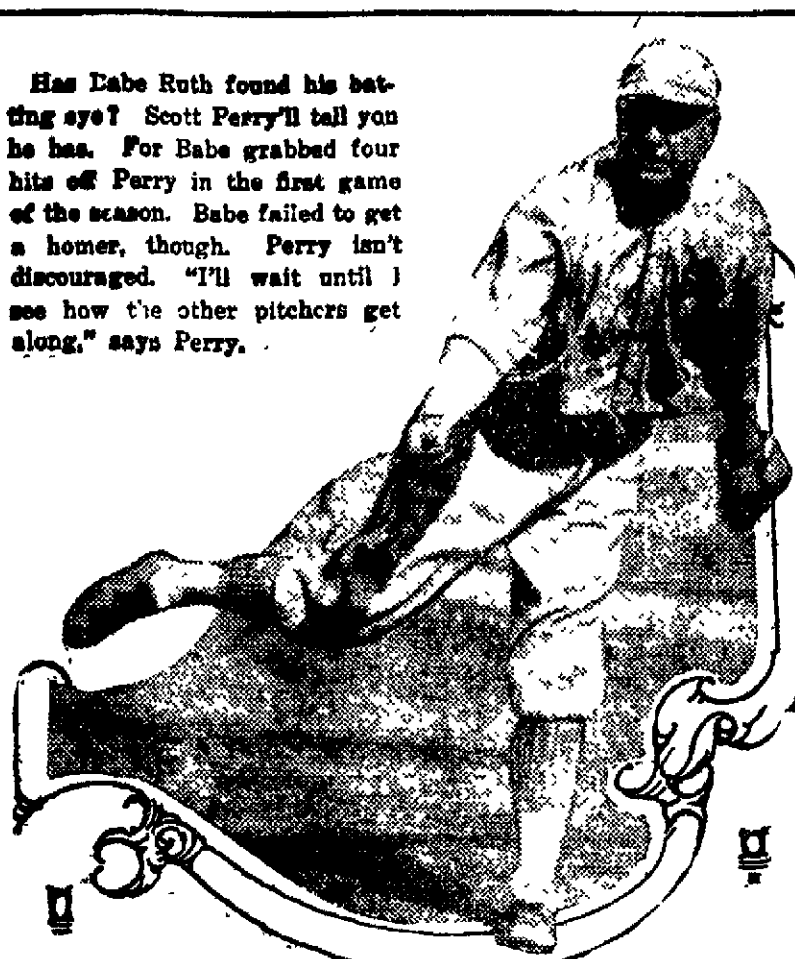

The tournament games in the boys division at the Y. M. C. A. are started. Both groups of boys have begun their series.

In the smaller class, in billiards, Woodbridge beat out Owens in their first tilt, Fulton won over Kennedy, Graesser won over Lewis. In the older class, in billiards, Franklin won over Coss, Stoffer won over Pritchard. These are the first battles and do not complete the first round.

In cue-roque Owens and Graesser, Hollister lead in the first round. In ping-pong Pritchard, A. Hollister and Franklin are leading in the opening round.

BABE RUTH'S FIRST VICTIM

Has Babe Ruth found his batting eye? Scott Perry'll tell you he has. For Babe grabbed four hits off Perry in the first game of the season. Babe failed to get a homer, though. Perry isn't discouraged. "I'll wait until I see how the other pitchers get along," says Perry.

Prest-O-Lite SERVICE

Prest-O-Lite SERVICE

Life-Saving Stations for batteries of all makes

Get that examination NOW!

THAT is precisely the function of the Prest-O-Lite Service Station—to make your present battery last until it hasn't a leg to stand on; until it gasps and gives up the ghost.

And you won't be told that you need a new battery until all hope for the old one is gone. That's the Prest-O-Lite code of ethics on which the tremendous Prest-O-Lite business was built, and on which it will be maintained.

Go, therefore, with confidence that the Prest-O-Lite Service Man will give you his expert and honest opinion. If your battery is strong and healthy, he won't recommend medicine. Prest-O-Lite struck the "vice" out of "advice".

When you do need a new battery, you'll be glad to know that Prest-O-Lite is back to pre-war prices and that an allowance will be made on your old battery.

Get that examination now. The motoring season beckons you and a sound, strong battery.
